Update
January 29, 2019

Hi Folks,

This update came from Lois this morning and she asked that I send it along to all our friends who have email addresses.

“Greetings- We have arrived safely in America, and are busy working to get into new churches. The trip went well and God blessed Lois and she felt fine the whole forty-three hours they were traveling. Things are going well in Kenya and the guys there are working hard to carry on the work. We praise God for His faithfulness.

Blessings- K3 (that is our new signature for the Kenya three- Lois, Shad, and Fitz)

Note: If you would like to contact Lois personally you can email her at her usual address:

Blessings- Sue
